

# GLOBAL BURN REGISTRY

Join the World Health Organization in building the world's first resource for burns prevention

## What is this registry?

- **Standardized** data collection on burns
- **Simple, short**, check-box driven form
- Available in **English, French, and Spanish**
- Takes **5 minutes** to complete during the **non-acute phase of admission**

## How will my hospital benefit?

- Get a clear picture of **burn risk factors** in your setting
- Can **analyze data locally**, that can be compared **globally**
- Collaborate in a **global initiative** led by the **World Health organization**

## How can my hospital participate?
